3 REASONS WHY PRIMA'S PIZZA IS THE BEST CHOICE FOR YOUR FAMILY

- SAUCE** You will always love the wonderful flavor of our sauce because we don't cut corners and use a premade sauce from a can. Great flavor is only achieved by using top quality ingredients, then adding the proper seasonings at the proper time. We never rush our sauce we give the seasonings time to "bloom" before we use the sauce. This process might take extra time but it ensures that "Wow" taste that sets us apart from ordinary pizzas.
- DOUGH** Have you ever wondered why ordinary pizza crust tastes like cardboard? Again it's time and quality of products used. You will always enjoy the best tasting crust from us because we always use very high protein flour to begin with. Then we age and "ferment" the dough for the best flavor you just can't find anywhere else.
- CHEESE** Cheap cheese will ruin any pizza. So, we never use third-rated or surplus cheese like others do to save money. Our cheese is a special blend of 3 premium cheeses which comes from grain-fed dairy cows. This special blend combined with the perfect aging is what gives you a rich, full-bodied taste every time.
